The Broom at Masthead.
It was the famous Dutch Admiral Van Tromp who originated the custom of hoisting a broom at the masthead of his ship, showing his intention of sweeping the English fleet from the sea, in the seventeenth century. His signal was answered by the English admiral hoisting a horse-whip, to indicate that he meant to give the Dutch a good whipping. Nowadays vessels that make record trips hoist the broom, while a pennant is still ostentatiously referred to by sea-faring men as the horse-whip.

Foreign Underwriters Increase Rates.
An agreement was reached at a conference of marine underwriters at Hamburg this week to increase the premiums of insurance on ocean-going steamers. The new policy also contemplates a reduction from 20 to 15 years as the age limit for sailing ships in the nitrate trade. This decision will be especially hard on the majority of German sailing ships as compared with the authority of the United States under the latter flag in consequence.

COLLEGE VESPER SERVICE IS DEPARTURE FROM THE USUAL

Special to The Journal.
Tallahassee, Nov. 9.—The vesper service at the college Sunday afternoon was a departure from the usual order, and the general criticism is adverse to the innovation. The program followed that arranged for the Chautauqua circle, and in it the congregation monopolized the time with responsive readings, hymns, etc.

Heretofore, the charm of these services has been the exquisite music rendered by the members of the music faculty, and it was a great disappointment that this feature should have been so largely supplanted by an ordinary service that can be participated in at church twice every Sunday.

However, the numbers rendered by the Misses Cline and Miss Farrington were thoroughly enjoyed, and it is hoped that these ladies will grant the desire of an eager populace for high class music by returning to the old order of things. It will be a graceful acknowledgment of the high appreciation in which they are held by the Tallahassee public.

Miss Sarah Cline holds an assured place in the appreciation of her numerous friends and Miss Farrington, who so captivated her audience at her recent violin recital, offers no diminution of favor, while Miss Martha Mae Cline is more charming each time her exquisitely sympathetic work as accompanist to the voice or violin is heard.

TEACHERS ATTENTION!
The public schools throughout the county will suspend on Friday, Nov. 12 inst., for the purpose of allowing the teachers and children to visit the Tri-County Fair on that date.

MR. JACOBIE AND MISS LEWIS RETURN WEDDED.

Special to The Journal.
Tallahassee, Nov. 9.—The marriage a few days ago of Mr. O. M. Jacobie to Miss Elizabeth Lewis was equal in sensation to a thunderbolt out of a clear sky.

Mr. Jacobie, a very efficient and popular man in the office of the commissioner of agriculture, Itho B. E. McLin, has been an intimate friend of the family of Mr. J. Stuart Lewis, a fellow clerk, several years, but he was not suspected of being a suitor for the hand of either of Mr. Lewis's charming young daughters. When it became known that he had quietly walked off with Elizabeth, the elder of the two, and had made her his wife without previous intimation of his intention to her family or their friends, it was an immense surprise.

The young couple were married in St. John's Episcopal church by the pastor, Rev. S. Moran, in the presence of Mr. John T. Costa, a friend of the groom, and Miss Saline Stuart Lewis, the bride's sister, who had been hurriedly summoned by telephone from the authority of the groom for the purpose of acting as bridesmaid to her sister.

Mr. and Mrs. Jacobie were immediately received by the bride's parents, who would have made no objection to the match had they been consulted.

Men Are as Helpless as Children

When Taken Suddenly Ill—Here is a Common-Sense Safeguard

Big, strong man is as a helpless infant when he is suddenly ill. The sturdiest chap in town usually loses his self-control, and is utterly unable to regard his condition with the common sense that characterizes his everyday actions.

For example: He comes home tired, eats a heavy dinner, and sits down to read and smoke away a quiet evening.

Suddenly he notices a weight on his stomach; then sharp pains around his heart, and a feeling of suffocation. Thoughts of "heart disease" rush over him, and in his agony he fears the worst.

His trouble was acute indigestion brought on by overloading his tired stomach.

A couple of Dyspepsia Tablets would have given him instant relief—would have saved him hours of suffering.

Carry a package of Rexall Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and indigestion will not bother you.

Rexall Dyspepsia Tablets remedy stomach troubles by supplying the one element, the stomach, which is in the gastric juices causes indigestion and dyspepsia. They aid the stomach to digest food and to quickly convert it into rich red blood and materials necessary for overcoming natural body waste.

We know what Rexall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia. If they fail we will refund your money. Three sizes: 25 cents, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Pensacola only at our store, The Rexall Store. The Crystal Pharmacy, Brent Building.

NEW YORK COTTON MARKET.

New York, Nov. 9.—The opening movement of the cotton market was sluggish and changes were irregular, with gains predominating. The only conspicuous changes were in the minor specialties, such as Union Pacific and American Agricultural Chemical, Cotton Oilseed, and American Cottonseed Oil. Unusually narrow fluctuations marked the early dealings. Certain stocks showed a little heaviness, such as Union Pacific and American Steel, but the list otherwise was fairly well held. American Cottonseed Oil advanced 1-4, and Tennessee C. O. C. & S. C. 1-4.

Readings of 1-4-4 sagged the list with it for a fraction. Wells-Fargo advanced 1-4, and a new record price. New York air breaks sold at an advance of 1-4, and Canadian Pacific 1-4. American Telephone and American Express 1-4. Central of Georgia sold at an advance of 1-4. Bonds were irregular.

A few ordinarily active issues furnished the only fluctuations of interest in the market, the rest of the list being virtually at a standstill. International Pump rose 1-4, and Utah Copper 1-2. New Haven ran off 1-4 and Pressed Steel Car, preferred 1-4.

Chicago, Nov. 9.—The unexpected firmness of the wheat market at Liverpool had a strengthening effect on the market during early trading. Shorts and commission houses were moderate bidders and offerings were light, notwithstanding continued heavy receipts in the Northwest. Prices at the opening here were 1-8 to 2-8 higher, with December at 1-2 3-8 to 1-2 1-2, and after selling at 1-2 1-8, the December option advanced to 1-2 3-8.

Weather in Missouri and throughout the Ohio valley prompted some buying of corn at the start, which resulted in moderate firmness. Opening quotations were, December at 57-78 to 58-18, Early in the day December sold at 58-18 to 58-24. December oats opened at 58-3-4, sold off to 58-1-2, and then advanced to 58-2-8. Provisions were firm, owing to a continuance of a light movement of live hogs in West. Selling of pork by shorts was a feature of the early trading. Prices at the opening were 21-22 lower.

NEW YORK COTTON MARKET.
New York, Nov. 9.—The cotton market opened firm, with December net higher, and other months 10 to 15 points higher. These gains were in response to better cables from Liverpool, covering 10 to 15 points for a rally, based on reassuring reports from interior spot markets. The market, after the opening, was irregular, with trading much less active than recently and with active months ruling about 10 to 15 points net higher during the middle of the morning.

During the middle of the morning the market became decidedly firmer, with considerable demand for western sources, suggesting that the Chicago bull leader was receding the market on the long side. Prices shot up sharply in consequence, with January selling at 14-15 and May 14-20, or 27 to 28 points net higher, and offerings increased on the bulge and the market, which was unsatisfied, and 4 to 5 points off from the top. Spot quiet; middling uplands, 14-30; middling lower, 14-15.

KANSAS CITY GRAIN MARKET.
Kansas City, Nov. 9.—Cash wheat No. 2, hard, 106-108; No. 2, red, 122-124. Corn—No. 2 mixed, 58; 2 white, 59-1-2. Oats—2 white, 49-42; 2 mixed, 39-40. Clover, Western—December, 99 bid; May, 1.00 1-4; July, no bid.

NEW YORK BUTTER REPORT.
New York, Nov. 9.—Butter steadier, unchanged, receipts, 3414. Eggs—Steady, receipts, 8,377.
